

Lull Telehandler Part

Lull Telehandler Parts - Lull telehandlers have been providing precision load placement ever since the year 1959. Whether the task involves positioning heavy steel, landing loads on scaffolding or transferring loads, using a Lull telehandler will help make the work go easier and faster. These units are available with the patented Stabil-Trak stability system to be able to ensure operator confidence.

The horizontal placement system by Lull could provide 80 inches of boom travel for precision placement capabilities. There are also lots of optional Lull attachments for their telehandlers to be able to help complete whichever job.
