

Rockwell Parts

Rockwell Parts - AxleTech International is a leading provider in the globe of specialty vehicle drive-train systems and components together with off highway vehicles. The company prides itself on being its customers' preferred supplier. AxleTech strives to exceed and meet their clients' expectations for quality, service, technology and delivery. They believe in working in an atmosphere that supports the utmost integrity with empowered teamwork, along with a relentless pursuit of results.

AxleTech International falls under the umbrella of General Dynamics. They place great emphasis on being an environmentally conscious company and offering a safe environment for their employees to work in. What's more, they have implemented many programs in the company so as to help articulate these values in their business policy. AxleTech gladly shares this policy and welcomes interested parties to offer them with any questions or comments, since they are happy to share and promote this policy with a greater understanding of their efforts. They are very committed to improving and preserving the environment. AxleTech has an EHS program which not only protects the natural world but which even actively protects their employees and neighbors too.

AxleTech specializes in the manufacture and designing of planetary axles used for both military and commercial applications, which could comprise anything from construction equipment to airport ground support. They take great pride in being an innovative drive-train solutions provider as well. AxleTech specially designs axles to be able to meet specific application demands. They have more than 1000 different axle specs in their existing offering. With more than 100+ years of knowledge and history, AxleTech proudly supplies the most complete solution for whichever of your axle requirements. The business is well known in many military and commercial applications. They offer complete axle assemblies for aftermarket replacement needs, along with servicing axle needs for OE production. Their high mobility ISAS have added details that could be found in the "ISAS" product collection.
