Advance-Nilfisk Parts - Imagine how long and tiresome it will be to tidy up right after a party, without assistance from machines. Not too long ago, the dirt from upholstery and carpets had to be beat out of them manually; brooms, brushes and cleaning cloths were the leading cleaning products during that time.

The founder of Nilfisk-Advance, P.A. Fisker, started as an electrical engineer who really liked to work on electrical motors. After establishing his business during the year 1906, he started to produce motors to drive fans, machine tools, drills and coffee grinders. Mr. Fisker's vision from the start was to own a global business marketing goods globally.

The Nilfisk C1 was an incredible breakthrough for the cleaning business. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed only 17.5 kilos and can be operated by a single individual. This invention came in a time where various cleaning equipment were very big and needed 4 or more operators, therefore, the Nilfisk C1 changed everything and evolved the way we clean forever. The brain behind these very first cleaning machines remains unparalleled. Cleaning equipment offer a brilliant solution to an ongoing problem; stuff get filthy and need to be cleaned regularly, without too much effort.

Slowly, the business Nilfisk-Advance expanded all through the years. During the early 1980's the business developed more rapidly when the business became a part of the NKT Group. With new owners on board, they concentrated on driving Nilfisk-Advance ahead within the business, aspiring to be an active global player in manufacturing professional cleaning equipment. Nilfisk-Advance is now represented in all parts of the world due to steadily obtaining many smaller businesses to be able to expand their product portfolio and presence in new markets. They are proud to provide a range of cleaning solutions to meet each and every requirement.
