

TCM Forklift Part

TCM Forklift Parts - Forklift trucks are an important player in the material handling field of each and every global industry. Transporting industrial goods occurs each day on our hectic planet. First innovated as industrial vehicles during the 1930s in the United States, forklifts gained popularity after WWII during the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these machines spread worldwide.

In 1949, established by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Now the business is simply known as TCM Corporation. Throughout the years, TCM forklifts have become an international leader in lift truck manufacturing and have built a solid reputation in the business. TCM started constructing lift truck manufacturing sites outside of Japan in the 1980s and is now engaged in lift truck manufacturer at three foreign factories in the United States, Europe and China.

TCM proudly manufactures numerous models of industrial trucks with more than 50 years of accumulated technology and expertise, making their products used and recognized all around the world. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and aims to become a world-class leading business.
